

Missouri Environmental Quality Incentives Program (EQIP)

Windbreaks around Animal Feeding Operations, Headquarters and/or Farmsteads

Applicant(s):	Date:
Farm Number:	Tract Number:
Acres in Application:	
LRF: Yes No	Beginning Farmer: Yes No
Livestock Type:	

Answer each question below, considering conservation practices planned to receive EQIP financial assistance. Only one tract per application. All applicants must sign a NRCS-CPA-1200 in addition to this form to be considered for EQIP funding.

NRCS National Conservation Priorities

1	Will the treatment you intend to implement using EQIP result in considerable reductions of non-point source pollution, such as nutrients, sediment, pesticides, excess salinity in impaired watersheds consistent with TMDL's where available as well as the reduction of groundwater contamination or point source contamination from confined animal feeding operations?	Yes	No
2	Will the treatment you intend to implement using EQIP result in the conservation of a considerable amount of ground or surface water resources?	Yes	No
3	Will the treatment you intend to implement using EQIP result in a considerable reduction of emissions, such as particulate matter, nitrogen oxides (NOx), volatile organic compounds, and ozone precursors and depleters that contribute to air quality impairment violations of National Ambient Air Quality Standards?	Yes	No
4	Will the treatment you intend to implement using EQIP result in a considerable reduction in soil erosion and sedimentation from unacceptable levels on agricultural land?	Yes	No
5	Will the treatment you intend to implement using EQIP result in a considerable increase in the promotion of at-risk species habitat conservation?	Yes	No

Missouri State Issues

6	Offered acres are in the watershed of a public drinking water supply reservoir, or in a watershed of a 303d list stream, with at least one EQIP planned practice that addresses the water quality concern in the watershed area identified.	Yes	No
7	EQIP planned practice(s) address basic habit requirements of bobwhite quail.	Yes	No
8	Application includes a resource concern(s) subject to Local, County, State, or Federal Regulation.	Yes	No
9	Application includes an existing animal feeding operation with a current CNMP developed prior to submission of EQIP application.	Yes	No
10	EQIP planned practices on livestock confinement facilities address air quality odor mitigation needs.	Yes	No
11	EQIP planned practices on farmstead headquarters area address energy conservation needs which have a positive impact on mitigating air temperature and air movement.	Yes	No

Local Issues

12	EQIP offered acres includes existing management to prevent the generation of odor, to capture and destroy odor and/or to disperse or disguise odors. Examples include feed additives, aeration, manure additives, biofilters, waste storage covers, structural or vegetative windbreaks, setback distances, site selection, etc. See <i>Conservation Information Sheet IS-MO380 for more information.</i>	Yes	No
13	EQIP planned practices include installing a windbreak/shelterbelt around at least 50% of the perimeter of an animal feeding operation.	Yes	No
14	EQIP planned practices include installing a windbreak/shelterbelt around at least 75% of the perimeter of an animal feeding operation.	Yes	No
15	EQIP planned practices include installing a windbreak/shelterbelt around an animal feeding operation that is within 1,500 feet from a public road or the nearest inhabited dwelling that is not on the farm or ranch. The planned windbreak must create a visual barrier between the road or residence and the animal feeding operation.	Yes	No

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326W, Whitten Building, 14th and Independence Avenue, SW, Washington, DC 20250-9410 or call (202)720-5964 (voice or TDD). USDA is an equal opportunity provider and employer.
